

## Oral Presentation

Friday 08.12.2023

	Time		
	8:00	Registration	
	9:00	Opening	
Session	Time	Authors	Presentation
Infectious diseases/parasites	09:15 – 10:00	<b>A. Stölzl</b>	<b>Keynote: Endoparasites in New World camelids in Austria: Haemonchus contortus and small liver fluke</b>
Chair: T. Wittek	10:00 – 10:15	E-M. Bartl, L. Ulrich, H. Wagner	Prevalence of selected infectious agents in South American camelid herds in Germany
	10:15 – 10:30	K. Voigt, V. Balasopoulou, M. Suchowski, S. Herzog	A case series of Borna virus encephalitis in Alpacas in Bavaria – clinical presentation and diagnostic approach
Coffee break	10:30 - 11:00	Poster exhibition	
Reproduction/breeding	11:00-11:45	<b>M. Gauly</b>	<b>Keynote: Artificial insemination and embryo transfer in South American camelids</b>
Chair H. Wagner	11:45 – 12:00	K. Tan, O.O. Adeniyi, A. Letko, G. Rudd Garces, E. Manz, H. Wagner, P. Zanolari, C. Drögemüller, G. Lühken	Genomic differences between Huacaya and Suri alpacas
	12:00-12:15	E. Quispe, Y. Murillo, A. Cruz, M. Quispe	Genetic parameters for different types of fiber medullation of alpacas
	12:15-12:30	A. Leisen, H. Wagner, K. Büttner, A. Wehrend, G. Schuler	Non-invasive monitoring of ovarian function in llama and alpaca by measurement of sex steroids in milk and exfoliative vaginal cytology
Lunch break	12:30 – 13:30	Poster exhibition	
Reproduction/breeding	13:30-13:45	K. Voigt, V. Balasopoulou	Causes and outcomes of obstetrical interventions in 21 alpacas presented to a Southern German veterinary hospital
Chair C. Cebra			

	13:45-14:00-	A. Riepl, J. Baumeister, T. Wittek	Estron sulfate in feaces as parameter for pregnancy detection
Crias and young stock	14:00 - 14:45	<b>C. Whitehead</b>	<b>Keynote: Cria care</b>
Chair: M. Gauly	14:45-15:00	M. Gaier, K. Rychli, V. Reichmann, T. Alber, T. Wittek	Colostrum constituent in alpacas
	15:00-15:15	H. Hümmelchen, A. Wehrend, H. Wagner	Management of sick newborn cria
	15:15-15:30	F. Sajovitz, M. Leschnik, S. Franz, T. Wittek	Neurological deficits in an alpaca cria after microchip insertion
Coffee break	15:30 - 16:00	Poster exhibition	
Herd health herd management	16:00 - 16:45	<b>H. Wagner</b>	<b>Keynote: Veterinary herd health management in South American camelid farms</b>
Chair: C. Whitehead	16:45 - 17:00	L. Ulrich, E-M. Bartl, H. Wagner	Results on the husbandry situation and use of SACs in Germany
	17:00-17:45	<b>C. Cebra</b>	<b>Keynote: Guideline for medical success in camelid herds</b>
	17:45-18:00		
Heuriger	20:00	Please book your tickets for one of the best traditional Vienna Heurigen (vine producers serve their own vine and offer typical local food)	

## Oral Presentations

Saturday 09.12.2023

	Time		
	8:30	Registration	
Session	Time	Authors	Presentation
Metabolism, feeding, nutrition Chair: P. Zanolari	09:00-09:45	<b>R. Van Saun</b>	<b>Keynote: Camelid nutrition: Understanding the beast</b>
	09:45-10:00	R. Van Saun	The Camelid Vitamin D story: from deficiency to toxicity
Internal medicine and skin disases Chair: P. Zanolari	10:00-10:45	<b>K. Mueller</b>	<b>Keynote: Care of the geriatric camelid</b>
Coffee break	10:45 - 11:15	Poster exhibition	
Internal medicine and skin disases Chair: R. v. Saun	11:15-11:30	S. Franz, K. Riedelberger, T. Wittek	Dyspnoe in alpacas
	11:30 - 12:15	<b>G. Duncanson</b>	<b>Keynote: A practitioners approach to skin disease in alpacas</b>
	12:15-12:30	M. Bolcato, M. Roccaro, A. Gentile, A.Peli	Can limiting stress be a part of mange treatment in alpacas? A case study
Lunch break	12:30-13:30	Poster exhibition	
Surgery and orthopaedics Chair: K. Mueller	13:30 - 14:15	<b>P. Zanolari</b>	<b>Keynote: Surgical disorders in alpacas and llamas</b>
	14:15-14:30	N. Mutschler, J. Maierl	Topographical Anatomy of the Brachial Plexus of Alpacas (Vicugna pacos) - Preliminary Results
	14:30-14:45	J. Kofler, J. Laschinger, K. Schieder, B. Altenbrunner-Martinek, B. Vidoni	Scapulohumeral joint (sub-)luxation in five alpacas
	14:45-15:00	D. Riebow, J. Maierl	Functional anatomy of the stifle joint of the alpaca (Vicugna pacos)

Coffee break	15:00 - 15:30	Poster exhibition	
Miscellaneous/case reports Chair: S. Franz	15:30– 16:15	<b>C. Eibl</b>	<b>Keynote: Abdominal ultrasonography in alpacas</b>
	16:15- 16:30	M.G. Wagener, J. Schregel, <u>N. Ossowski</u> , A. Trojakowska, M. Ganter, F. Keine	The influence of different examiners on the Body Condition Score in South American Camelids
	16:30- 16:45	A Ferro, A. Andolfatto, W. Magnone, G. Michelazzo, F. Zanusso, G.M. De Bendedictis	A blinded randomized clinical trial to compare the efficacy and safety of two chemical restraint combinations for clinical field procedures in captive llamas (Llama glama).
	16:45- 17:00	C. Cebra	Treatment for canine cancer based on camelid single domain antibody fragments
	17:00- 17:15	M. Quispe, B. McGregor, E. Quispe	Relationship between medullation incidence with the diameter of alpaca fibers evaluated using FIBER MED
	17:15- 17:30	S. Weiss, J. Maierl	Anatomical Study of the Eye Muscles and Cranial Nerves of the Orbit of the Alpaca
	17:30- 17:45	A. Sawran, B.M. Garcia, M. Tyson, S. Jeckel	Case Report –Inflammatory bowel disease in a male huacaya alpaca
	17:45- 18:00	F. Pooley, A. Sawran	Updates from the Nunoa Project
	18:00	Closing
